Comments: Hello, I would like to personally say that I strongly DISAGREE with the proposed closure of the Chugach National Forest. I'm from Homer Alaska and have never ridden up where this would affect, but other snowmachine riders do, that's all they have to escape from the daily struggles, like work,drama,personal opinions and so forth, at least that's what I consider my escape. Long story short, please,please dont close down any riding sites I have plans to ride up there in near future and dont want that chance to be compromised by people that just simply, DONT UNDERSTAND. I Justin Stradling do not agree with prop 1. Dont take the freedoms that the people have here in AK away from the people that deserve this. This will hurt more then it will help. Hopefully you've gotten your online comment process all sorted out. I AM PRO MOTORIZED USE FOR THIS CAUSE, riders are like family, please dont hurt my family.

Sincerely,

Your local Homer rider

JUSTIN STRADLING
