I use the forest every year to bring family and friends together. I also think that the economic impact of our recreating in the Chugach is beneficial. I also use the forest for hiking, biking, fishing, hunting, etc.

I am strongly opposed to losing any more acres of snowmachine terrain on the Kenai Peninsula. Therefore Alternatives C and D are unacceptable. An increase in backcountry recreation, quieter, more fuel efficient snowmobiles and inconsistent snow at lower elevations are all reasons we need to maintain what riding areas we have today and for future generations.

As it pertains to safety and rescue, our trails serve as emergency access routes for first responders to any motorized or non-motorized incidents.
