Comments: As a born and raised Alaskan and long time user of areas like lost lake, nelly Juan, and turnagain it would be a shame to lose the right/privilege to ride in these areas and any other parts of the Chugach National Forest. We need to keep them open to motorized use.

This is my second comment sense my first comment got hacked and tried to make me sound like i supported the shutdown of motorized access to the forest which i clearly do not.

KEEP MOTORIZED VEHICLES OPEN TO THE CHUGACH!
