Comments: My name is Ryan Rofidal, I've lived in south central Alaska since I was born in 1998 and have been riding in the chugach since I was able to.

Every winter I ride in Turnagain, Lost Lake, Placer river valley, and Johnson pass. I believe that we shouldn't close these areas down or increase restrictions because of a few who do wrong. The vast majority of us take care of the lands as we want to be able to continue using them for our lives and the younger generations lives. I also believe that people who have never been to the great state of Alaska should not have a say in what stays open, closes, what regulations change, or new regulations that are brought upon us.

Us Alaskans have been given this great opportunity to use these lands and should be able to continue to use them,thank you.
