Comments: I would like to put my vote in for keeping Chugiak and Prince William Sound open to motorized vehicles and water traffic!! As an Alaskan we enjoy our outdoor activities especially in these areas . We enjoy all types of activities like trail riding on 4wheelers, camping in our toy hauler , boating, snow machining in winter, to name a few. We shouldn't be limited to our exploring. That's why we live in Alaska!!

Thank you,

Julie Hanna
