Last name: O'Farrell

Organization:

Title:

Comments: I strongly ask you continue to Allow motorized access to Chugach National Forest and Prince William Sound. I have been raised in riding snowmobiles and ATV's riding mountain bikes in these mountains, I have been teaching my kids how to ride responsibly and enjoy all the PWS and CNF have to offer. My son is now 17 and we have traveled quite a bit Europe, mid west, South America and he always keeps saying there really is nothing that compares to Alaska when it comes to outdoors and he can't imagine ever living somewhere else. We hunt, we fish, we ride ATV's and snowmobiles, we backcountry ski, we Fat tire bike. Some of our favorite places are Resurrection Pass summer and Winter (when it's open), Summit, Lost lake, Wittier, Gun site, eureka, Thompson Pass in Valdez area. Please keep motorized access in the CNF and PWS there hundreds of thousands or Square Miles to share.

Sincerely,

Justin O'Farrell and Family
