First name: Ernie

Last name: Warner

Organization:

Title:

Comments: Hi my name is ernie warner I am a Athabaskan who loves riding in the chugach. I spend a lot of money doing it and am well vested with the equipment to access these mountains with the least impacted to the environment as possible. The community that does this has the same mentality so we are all on the same page about it. Please do not shut us down. as a community we stand for our rights as citizens to have the access we deserve.
