Comments: Petr afonin here from homer Alaska 23 years old 19 years of wich I live in homer Alaska. I go ride almost every sunday/Saturday and whenever it dumps a good amount my uncle usually let's me take a day off from work to go enjoy the deep snow and the amazing view from up top. The the areas I usually go ride whenever they open up due to sufficient snow coverage are: Lost Lake,Turnigan Pass,Johnson Pass,Paxson, Cantwell and plan to go explore new areas this winter. I also grew up hunting on 4wheelers,boat and horses, so I've been deep into the neck of woods and mountains, whith these motorized vehicles it allows me to go hunting and bring back moose meat for my family for the whole year. I believe there will be a serious impact on people like my local honda skidoo dealer wich I know very well that is his main income to provide for his family and all the workers there to, which also goes to the dealers all over Anchorage, Eagle River Wasilla and others all over Alaska.Another great impact is these motorized vehicles keep people accupied and busy but once this gets taken a way they have nothing else to do so they slowly turn to drinking and drugs and then that leads to who knows what.
