Comments: To whom it my concern-

My name is Jake Maxwell, and I am a third generation Alaskan. I have been born and raised in Anchorage, Alaska, and have been fortunate to frequently enjoy the Chugach National Forest land in all seasons throughout my entire life. In the summer months I use my jet boat to access our family cabins located on the Twentymile River, as well as recreate on the Placer and Portage Rivers. My grandparents have been traveling up these rivers since the 1950's, when all they had were wooden dory boats with outboard prop motors. In the winter months, I enjoy recreating on snowmobiles throughout the Chugach National Forest. I have grown up spending time accessing these amazing areas, and hope that I will be able to share these experiences with my future family in the years to come. I believe motorized use of the Chugach National Forest should be a tradition every Alaskan can enjoy, and I support alternative plan "B."

Thank you for your time and consideration,

Jake Maxwell
