Title:

Comments: Hello,

As a lifelong Alaskan, I have recreated in Chugach State Park on foot, skis, mountain bikes, snow bikes, and even snow machine, but mainly on bikes now, both summer and winter. Our access is already extremely limited. I would like to see more trails, particularly loops that could be linked together, and even hut systems. WE need more trails, and better access to back country, not less, as evidenced by our parking lots, which are often overflowing both summer and winter.

Best,

Greg Matyas
