Comments: Comments On Draft Wild and Scenic Suitability Report

Dear Nez Perce Clearwater National Forests,

Dear Nez Perce Clearwater National Forest,

My family has lived in north Idaho since 1980. Our first experience with the special rivers in the central part of the state was when we lived in Craigmont and often recreated on the Lochsa and Selway Rivers.

I am writing to ask that all 89 streams that you have found eligible for Wild and Scenic designation remain protected as eligible in the new forest plan, and to voice my support for their ultimate designation. If you finalize the Draft Suitability Report, I ask that all 89 streams be found suitable in the final report.

Continued protection of these streams will protect the quality of life, fish and wildlife, recreation, fishing and hunting opportunities and therefore the economy of the state.

Thank you for considering these comments.

Sincerely,

Kim Golden
