Comments: Comments On Draft Wild and Scenic Suitability Report

Dear Nez Perce Clearwater National Forests,

Dear Nez Perce Clearwater National Forest,

[INSERT a bit about yourself here. Where do you live, what is your experience with these rivers]

I am writing to ask that all 89 streams that you have found eligible for Wild and Scenic designation remain protected as eligible in the new forest plan, and to voice my support for their ultimate designation. If you finalize the Draft Suitability Report, I ask that all 89 streams be found suitable in the final report.

[INSERT any specific opinions you have that support continued protection of any specific streams listed in the Draft Suitability Report]

Thank you for considering these comments. I live in Lewiston Idaho, learned to row on the Lochsa River beginning in 1978 and since then have logged thousands of miles on that river. To see these beautiful rivers not be protected would be a terrible disservice to the future generations of Americans. White Sands Creek is a gem beyond belief,(this is where my ashes will go). I rowed the Selway River as a volunteer on patrol floats for twenty years, being able to be on this amazing river every summer is one of the highlights of my life. We have land in Dixie, Idaho and driving the road up the South Fork of the Clearwater River in October with the Fall colors exploding is something you should not miss! Please save these rivers for our kids and grandkids to see. Thank You, Bob Anderson

Sincerely,

Bob Anderson Anderson
