Comments: Comments On Draft Wild and Scenic Suitability Report

Dear Nez Perce Clearwater National Forests,

Dear Nez Perce Clearwater National Forest,

I am a whitewater rafter living in Post Falls, Idaho. I have enjoyed boating Idaho's rivers for 35 years, especially the Lochsa and Salmon Rivers. Failing to protect the 89 stream tributaries allows short term benefits with long term degradation of a pristine environment.

I am writing to ask that all 89 streams that you have found eligible for Wild and Scenic designation remain protected as eligible in the new forest plan, and to voice my support for their ultimate designation. If you finalize the Draft Suitability Report, I ask that all 89 streams be found suitable in the final report.

[INSERT any specific opinions you have that support continued protection of any specific streams listed in the Draft Suitability Report]

Thank you for considering these comments.

Sincerely,

Terry Donoho
