Comments: Comments On Draft Wild and Scenic Suitability Report

Dear Nez Perce Clearwater National Forests,

Dear Nez Perce Clearwater National Forest,

I am an avid kayaker and canoeist. Over the last 15 years I have been able to start traveling and enjoying rivers across the US. I have many more planned trips and many more will soon follow. Please allow as many rivers to be available to all who need them for that crucial stress release that is important to our fast driven world. We need them to keep people from going postal ha ha, But seriously.

I am writing to ask that all 89 streams that you have found eligible for Wild and Scenic designation remain protected as eligible in the new forest plan, and to voice my support for their ultimate designation. If you finalize the Draft Suitability Report, I ask that all 89 streams be found suitable in the final report.

These places are all unique in their own way and support habitats that we have to keep pure. Please think about the children of the future and what will be left for them if these wild places keep disappearing.

Thank you for considering these comments.

Sincerely,

Evan Vinson
