Comments: Comments On Draft Wild and Scenic Suitability Report

Dear Nez Perce Clearwater National Forests,

Dear Nez Perce Clearwater National Forest,

My name is Chris Smith and I live in Jensen, Utah. I live in a region that attracts river enthusiasts from all over the world who are primarily visiting to fish and run the Green River. Although I live less than one mile away from one of the western United States' iconic rivers, when I think of wild American rivers, I think of the Selway and Clearwater in Idaho.

I am writing to ask that all 89 streams that you have found eligible for Wild and Scenic designation remain protected as eligible in the new forest plan, and to voice my support for their ultimate designation. If you finalize the Draft Suitability Report, I ask that all 89 streams be found suitable in the final report.

Unlike the Green River basin where I live, these streams in the Clearwater National Forest remain mostly intact and offer citizens of this country rare examples of what rivers once were like throughout this nation.

Thank you for considering these comments.

Sincerely,

Christian Smith
