Comments: Wild and Scenic River Suitability

Hello,

I appreciate the work that has been put into determining Wild and Scenic River eligibility.

I want to briefly list a few rivers that are important to me due to their quality whitewater kayaking opportunities. I appreciate these rivers for other reasons including fish and game habitat; however, these reasons were well represented in the report, while boating was not.

Here is my quick list of rivers that are especially important to me for their whitewater quality:

Colt Killed Creek

Big Sands Creek

Crooked Fork Creek

Brush Fork Creek

Fish Creek

Boulder Creek

Meadow Creek

Bear Creek

Moose Creek

Also, I feel the SF Clearwater did not receive the status it deserves as a whitewater river. It is true that it a run that is not often "in" for boating but when it is, it is of high quality.

Please let me know if you have any specific questions about the boating opportunities on any of these rivers.  
Thanks.

Norman French
