Comments: Comments On Draft Wild and Scenic Suitability Report

Dear Nez Perce Clearwater National Forests,

Dear Nez Perce Clearwater National Forest,

I am a fourth generation Idahoan, born and raised in Central Idaho. I grew up rafting and kayaking the Salmon and Payette Rivers, and they left an indelible mark -- their wild, untamed beauty was just a few miles from my front porch. Sadly, rivers such as these are in short supply and getting even shorter as development interests chip away at our public lands.

I am writing to ask that all 89 streams that you have found eligible for Wild and Scenic designation remain protected as eligible in the new forest plan, and to voice my support for their ultimate designation. If you finalize the Draft Suitability Report, I ask that all 89 streams be found suitable in the final report.

The Salmon, Selway, Lochsa, and Clearwater rivers and their tributaries are a critical part of all of our heritage. Please preserve them for our future generations, just as wild and scenic as they are today.

Thank you for considering these comments.

Sincerely,

Tyler Harris
