Comments: Comments On Draft Wild and Scenic Suitability Report

Dear Nez Perce Clearwater National Forests,

Dear Nez Perce Clearwater National Forest,

The Lochsa/Selway and Clearwater basins are my special places. , We hike and camp in the area a lot. My daughter is named after Meadow Creek, the Selway tributary. These wild, clear waters support wildlife and my life. I think often of the dancing waters of Meadow Creek.

I am writing to ask that all 89 streams that you have found eligible for Wild and Scenic designation remain protected as eligible in the new forest plan, and to voice my support for their ultimate designation. If you finalize the Draft Suitability Report, I ask that all 89 streams be found suitable in the final report.

These areas are some of the most precious waters this country has. Many rivers have been polluted or damaged. Protecting these rivers will save them for future generations and they will be even more valuable.

Thank you for considering these comments.

Sincerely,

Diane Prorak
