Comments: Comments On Draft Wild and Scenic Suitability Report

Dear Nez Perce Clearwater National Forests,

Dear Nez Perce Clearwater National Forest,

I am a Florida resident with a long history of exploring Idaho's beautiful waterways. The areas that are currently under threat have irreplaceable value that I ask you to fully appreciate. In my home state of Florida, destruction of ecologically significant areas like the Everglades, continues to wreak havoc on the entire state. The resulting in toxic algae blooms have ruined our beaches, slashing the tourism industry and general beauty of this state. I urge Idahoans not to make the same mistakes, but to benefit from observing the mistakes of others who have sacrificed their natural areas at immeasurable expense.

I am writing to ask that all 89 streams that you have found eligible for Wild and Scenic designation remain protected as eligible in the new forest plan, and to voice my support for their ultimate designation. If you finalize the Draft Suitability Report, I ask that all 89 streams be found suitable in the final report.

Thank you for considering these comments.

Sincerely,

Holly Rolls

Bradenton, FL 34209
