Comments: Comments On Draft Wild and Scenic Suitability Report

Dear Nez Perce Clearwater National Forests,

Dear Nez Perce Clearwater National Forest,

I am an avid whitewater enthusiast--a private boater since my parents first took me down the Salmon River when I was 7 years old to spending the last 8 years of my life professional guiding in California and Alaska. Although I'm from California, these rivers are part of me as well. I've spent countless trips on the Salmon River and experiences on that river make me want to experience all that Idaho rivers has to offer. Some of these rivers and streams are next on my list of wild places to explore, to play in, and to experience to remind me what being alive is all about. I'd like them to remain free and wild.

I am writing to ask that all 89 streams that you have found eligible for Wild and Scenic designation remain protected as eligible in the new forest plan, and to voice my support for their ultimate designation. If you finalize the Draft Suitability Report, I ask that all 89 streams be found suitable in the final report.

Thank you for considering these comments.

Sincerely,

Kali McKeown
