Comments: Comments On Draft Wild and Scenic Suitability Report

Dear Nez Perce Clearwater National Forests,

Dear Nez Perce Clearwater National Forest,

I am writing to ask that all 89 streams that you have found eligible for Wild and Scenic designation remain protected as eligible in the new forest plan, and to voice my support for their ultimate designation. If you finalize the Draft Suitability Report, I ask that all 89 streams be found suitable in the final report.

I am a whitewater boater who travels to Idaho for recreation and the chance to experience some of the last remnants of wilderness found in the lower 48 states. I feel that it is essential to protect these Wild and Scenic designated streams and rivers from development and encroachment. For the sake of maintaining biodiversity and a wilderness ethos for current and more importantly, future, generations of not only humans, but all creatures, please protect these areas.

Thank you for considering these comments.
