Comments: Comments On Draft Wild and Scenic Suitability Report

Dear Nez Perce Clearwater National Forests,

Dear Nez Perce Clearwater National Forest,

Hi my name is Taylor Swartz. I am a small business owner in Idaho, as well as an outdoorsman and a kayaker.

I am writing to ask that all 89 streams that you have found eligible for Wild and Scenic designation remain protected as eligible in the new forest plan, and to voice my support for their ultimate designation. If you finalize the Draft Suitability Report, I ask that all 89 streams be found suitable in the final report.

It is my opinion that places like these which ARE currently protected are what makes Idaho great. Too many of our natural places have been exploited by the folly of man. What makes us special as a state is our places that are protected and naturally beautiful. These special places are what drive growth in Idaho, not special interest such as logging and mining. These interests only benefit a few and their profits are fleeting. All these free flowing streams deserve a wild and scenic designation please consider our children and future generations who will love and enjoy wild places.

Thank you for considering these comments.

Sincerely,

Taylor Swartz
