Comments: Comments On Draft Wild and Scenic Suitability Report

Dear Nez Perce Clearwater National Forests,

Dear Nez Perce Clearwater National Forest,

[

I am writing to ask that all 89 streams that you have found eligible for Wild and Scenic designation remain protected as eligible in the new forest plan, and to voice my support for their ultimate designation. If you finalize the Draft Suitability Report, I ask that all 89 streams be found suitable in the final report.

Although I live in Washington state, I have spent time on both the Selway and Lochsa rivers and those experiences were some of the most transformative of my life. Please keep them pristine so the opportunity may be available to others in the future. Especially at this time in history when it feels that our natural environment is under attack by policy makers with more concern for profits than the invaluable benefits of the natural world.

Thank you for considering these comments.

Sincerely,

BETH MARTIN
