Comments: Draft Wild and Scenic Suitability Report

Dear Nez Perce Clearwater National Forests,

Nez Perce Clearwater National Forest,

There are so few areas in our country worth protecting from development anymore. Balance between industrial interests and conservation has long been lost to the detriment of our natural resources.

I am writing to ask that all 89 streams that you have found eligible for Wild and Scenic designation remain protected as eligible in the new forest plan, and to voice my support for their ultimate designation. If you finalize the Draft Suitability Report, I ask that all 89 streams be found suitable in the final report.

Thank you for considering these comments.

Sincerely,

Elliott Hansen
