Comments: Comments On Draft Wild and Scenic Suitability Report

Dear Nez Perce Clearwater National Forests,

Dear Nez Perce Clearwater

Three generations of our family have spent decades of precious vacations on these streams and rivers, connecting us to the natural world and allowing us to live our lives with purpose and compassion for all beings.

I am writing to ask that all 89 streams that you have found eligible for Wild and Scenic designation remain protected as eligible in the new forest plan, and to voice my support for their ultimate designation. If you finalize the Draft Suitability Report, I ask that all 89 streams be found suitable.

It is only by keeping these wild places intact in the wilderness that we will benefit from their renewing capabilities - trees removing carbon from the skies, species protection, cleaning the water and maintaining the entire ecosystem so vital to all of us.

Thank you for considering these comments.

Sincerely, Mary Anne Braymer
