Comments: Comments On Draft Wild and Scenic Suitability Report

Dear Nez Perce Clearwater National Forests,

Dear Nez Perce Clearwater National Forest,

I am writing to ask that all 89 streams that you have found eligible for Wild and Scenic designation remain protected as eligible in the new forest plan, and to voice my support for their ultimate designation. If you finalize the Draft Suitability Report, I ask that all 89 streams be found suitable in the final report.

Since the original designation, this has now been the key asset to the heritage of Idaho which is a driver for people to visit, recreate, and engage in our national forest. When you combined the economic impact of tourism and outdoor recreation is a greater impact than ag, mining or manufacturing. Ensuring the future designation is ensuring the future as participation continues to increase in visitations. No other place in the United States has this kind of asset.

Thank you for considering these comments.

Regards,

Scott Fortner

Sincerely,

scott fortner
