Comments: Response to Draft Wild and Scenic Suitability Report

Dear Nez Perce Clearwater National Forests,

Dear Nez Perce Clearwater National Forest,

I've had the good fortune to spend time on the Salmon and Lochsa rivers both for work and pleasure. Though I live distant from Idaho currently, I constantly recommend travelling to Idaho specifically because of the rich natural beauty that you can find in every corner of the state, but especially in Clearwater National Forest.

I am writing to ask that all 89 streams that you have found eligible for Wild and Scenic designation remain protected as eligible in the new forest plan, and to voice my support for their ultimate designation. If you finalize the Draft Suitability Report, I ask that all 89 streams be found suitable in the final report.

Protection of these areas is critical to the preservation of Idaho's most precious resource: its beautiful rivers and wild forests.

Thank you for considering these comments.

Sincerely,

Matthew Lanahan
