Comments: Comments On Draft Wild and Scenic Suitability Report

Dear Nez Perce Clearwater National Forests,

Dear Nez Perce Clearwater National Forest,

My name is Hannah Stevens and I am from Salt Lake City, Utah. I work as a river guide for Oars Dorries in Idaho and it saddens me deeply that these rivers are under threat of losing protection. These rivers are the lifeline for many people and are so incredibly important to continue to preserve and protect them. Idaho is a very special place to so many people, and I know that from sharing these places with other people from all over the world. These places change peoples lives and should be protected, they change mine so much. These streams give life to the river ecosystems that define Idaho. They are part of a bigger picture and we cannot forget that.

I am writing to ask that all 89 streams that you have found eligible for Wild and Scenic designation remain protected as eligible in the new forest plan, and to voice my support for their ultimate designation. If you finalize the Draft Suitability Report, I ask that all 89 streams be found suitable in the final report.

Thank you for considering these comments.

Hannah Stevens

Sincerely,

Hannah Stevens
