Comments: Comments On Draft Wild and Scenic Suitability Report

Dear Nez Perce Clearwater National Forests,

Dear Nez Perce Clearwater National Forest,

I am a resident of Cascade Idaho and regularly recreate on the wild rivers of Idaho. In fact, Idaho's rivers were the primary attraction to this great state.

I am writing to ask that all 89 streams that you have found eligible for Wild and Scenic designation remain protected as eligible in the new forest plan, and to voice my support for their ultimate designation. If you finalize the Draft Suitability Report, I ask that all 89 streams be found suitable in the final report.

The wild rivers of Idaho are one of the states greatest resources, limited in the rest of the country and difficult to restore once damaged. Please protect these places as they are now as opposites to retroactively after damage has been done.

Thank you for considering these comments.

Sincerely,

Justin Kleberg
