Comments: Comments On Draft Wild and Scenic Suitability Report

Dear Nez Perce Clearwater National Forests,

Dear Nez Perce Clearwater National Forest,

I live in the PNW and have seen the difference protecting rivers makes. I have also seen the costs and burden to the public to attempt restoration and repairs of damaged rivers caused by logging and industry.

I am writing to ask that all 89 streams that you have found eligible for Wild and Scenic designation remain protected as eligible in the new forest plan, and to voice my support for their ultimate designation. If you finalize the Draft Suitability Report, I ask that all 89 streams be found suitable in the final report.

While I value lumber and employment, some places such as these provide greater value when protected. Recreation brings a lot of tourism and dollars to the area. Please protect what draws tourism into this region.

Thank you for considering these comments.

Sincerely,

Derrick Wood
