Comments: Comments On Draft Wild and Scenic Suitability Report

Dear Nez Perce Clearwater National Forests,

Dear Nez Perce Clearwater National Forest,

I am writing to ask that all 89 streams that you have found eligible for Wild and Scenic designation remain protected as eligible in the new forest plan, and to voice my support for their ultimate designation. If you finalize the Draft Suitability Report, I ask that all 89 streams be found suitable in the final report.

I can honestly say the rivers in this area have changed my life multiple times for the better. The natural beauty of the area is positively inspiring, and unlike any other area in the country I have been. Both aquatic and land based flora and fauna seem perfectly in balance as the rivers currently are... Wild and Scenic. Please do not remove that status! It is so important for humans to be able to see this area in the state it is now... absolutely no change is necessary to this beautiful region!

Thank you for considering these comments.

Sincerely,

chelsea galleri
