Comments: Comments On Draft Wild and Scenic Suitability Report

Dear Nez Perce Clearwater National Forests,

Dear Nez Perce Clearwater National Forest,

My name is Lindsay and I live in Bellingham, WA. I am an avid whitewater boater and flyfisher and frequently travel to Idaho to enjoy the wild rivers that traverse the state. The Lochsa, Clearwater, and Selway rivers are some of my favorite places in the whole world. They are treasures - gems, really - and are unique ecological systems that deserve our respect and protection.

I am writing to ask that all 89 streams that you have found eligible for Wild and Scenic designation remain protected as eligible in the new forest plan, and to voice my support for their ultimate designation. If you finalize the Draft Suitability Report, I ask that all 89 streams be found suitable in the final report.

These rivers are incredibly valuable as wild and scenic places for fish and wildlife to live and for us humans to recreate in. We need to protect these places for ourselves, our children, and our grandchildren before it is too late.

Thank you for considering these comments.

Sincerely,

Lindsay Taylor
