Comments: Comments On Draft Wild and Scenic Suitability Report

Dear Nez Perce Clearwater National Forests,

Dear Nez Perce Clearwater National Forest,

My name is Talitha and I grew up running these rivers camping by them, and finding myself along the way. I think it is the utmost importance to protect these rivers for future generations to enjoy. Not only do these rivers affect my health but also so many lives around me. We have made the rivers a part of our life and to take that away would be to kill us. The river runs through us.

Please allow my son to grow up with the pristine wilderness we have today. So he may grow up knowing the persistence and flow of the rivers and the nature around them. We know you only want what's best and I promise you, there is not a better action you could take to show us that you are listening and that you care than protecting our rivers once again.

So here I am writing to ask that all 89 streams that you have found eligible for Wild and Scenic designation remain protected as eligible in the new forest plan, and to voice my support for their ultimate designation. If you finalize the Draft Suitability Report, I ask that all 89 streams be found suitable in the final report.

Thank you for considering these comments.

Long live Idaho wilderness.

Sincerely,

Talitha Fagen
