Comments: Wild and Scenic Suitability Report

Dear Nez Perce Clearwater National Forests,

Dear Nez Perce Clearwater National Forest

My name is Amber Shannon and I have worked as a guide on the rivers of Idaho for the last 12 years. These rivers and their healthy eco-systems are crucial for my livelihood.

I am writing to ask that all 89 streams that you have found eligible for Wild and Scenic designation remain protected as eligible in the new forest plan, and to voice my support for their ultimate designation. If you finalize the Draft Suitability Report, I ask that all 89 streams be found suitable in the final report.

If we do not make moves to protect these rivers and streams and the ecosystems that depend on them, we will lose a treasure that we can never regain.

Thank you for considering these comments.

Sincerely,

Amber Shannon
