Comments: I would like to agree with purposed to keep motorized vehicles in the chugach forest area. I have live in alaska most of my life and have enjoyed the freedom to go out with friends and family to explore the great outdoors during all seasons.

My kids ride 120s and 200s now but will be transitioning into bigger sleds and I would love to be able to show them some of alaskas great outdoors in way of Snowmachines.

please consider all of the recommendations other riders have suggested, there are a lot of very informed individuals that have stepped forward with very justifying and intelligent opinions.

Thanks for your time.
