Comments: I support option B, I ride snowmobile in Minnesota Michigan South Dakota, Montana and Wyoming with a trip to Alaska planned for March 2019. I support shared use of the land for all activities motorized and non motorized as I hike camp and fish in these same areas and would like to have it available for all of us to use and for future generations. I've seen in my regular riding areas small business takes the biggest hit when areas get closed and cafes and little resort/hotels close when they can't afford to keep the doors open and that's mostly all there is in the area to support those family's. So please keep it open for everyone to use now and in the future!

Thanks
