Comments: I have lived in Alaska my whole life I do all the outdoor lifestyle that comes with our great state. And my 3 boys do as well . One of the kids favor spots is the Chugach riding zones .its a fun place for the whole family to recreate and spend some good fun quality time out doors in the winter. Are days are short and dark enough as is. Closing down the Chugach will only make it harder to get out as then we have to travel a lot farther. Please consider not closing the Chugach to motorized use let all Alaskan enjoy the greatness of it from the parking lot to the top of the world as my boys call it sitting up top on the mountains looking down
