Comments: Hello, I am a lifelong Alaskan who uses the CNF for both summer and winter activities, motorized and non-monetized. I believe the CNF should stay open to motorized use and strongly disapprove of any plan that takes away from the current amount of usage. The CNF is an area that has acres and acres to explore and motorized access allows us to explore areas that cannot be accessed by foot. If anything I would like to see the CNF add additional motorized access corridors in order to explore areas that are currently un-accessible. As a lifelong Alaskan who grew up playing in the Chugach Mountains I would love to see my children do the same.

Thanks
