c/o Noel Ludwig,

My name is Bob Boselli and my family owns five retail clothing stores in the Town of Vail. We've operated the stores in Vail for over 35 years and I've been skiing Vail since 1976.

This email is in full support of Vail Resorts, Inc. proposal to enhance and expand their snow making operation on Vail Mountain - again I'm in Full Support of this proposal.

VRI modernizing the majority of Vail's current snowmaking system would deliver state-of-the-art energy efficient technology that is fundamental to ensuring a more predictable opening date, high-quality conditions during the early- and mid-season, and reliable conditions through mid-April.

I'm hopeful the Forest Service will see the overall benefits of this proposal and approve it accordingly.

Sincerely,

Bob Boselli, Owner
