Comments: HI

I read the report for adding snowmaking to Vail mt. Yes - yes - yes -YES!!!. PLEASE Add MORE snowmaking to Vail MT. Covering that small of a percent of the mt is the minimum they should have. The public use of that area of the national forest will be much improved with more snowmaking. More people will be able to enjoy the national forest with more snowmaking.

I support the proposed and even more snowmaking on Vail mt.

Please make the mountain better than it was last Christmas via this and much more snowmaking!
