Comments: Hello my name is nikolaas deaton and I've grown up in Alaska for the past 18 going on 19 years of my life and being able to go through the back country and explore via Snowmachine, arc, boat along the rivers and streams have been also apart of my life. From going from turnagain pass in the winter to eklutna all the way to cantwell and hatcher's pass every time I went out and adventured it has brought all the joy to me and let me see parts of Alaska I have never had the chance to see. I love going out and adventuring every chance I get and I hope by having this comment added can do something and make sure that lands stay open to motorized vehicles from 4 wheeling to winter time snowmachining.
