My name is Ashlyn Perry. I'm 8 years old.

First off, thank you for your efforts and willingness to include all user groups in the Chugach Forest Service Revision Plan.

I have lived in Anchorage, Alaska my whole life. I learned how to ride a snowmachine two years ago and it has become my favorite winter sport. My family and I spend most weekends riding snowmachines in the Chugach.

As a motorized user, I oppose losing any right to motorized access of these public lands. A large majority of the Chugach is already restricted to non-motorized use, and what's left shall remain intact, if not expanded, for future generations.

The areas I access the forest are: Turnagain

The rights of motorized user groups have diminished since 2002 when The National Forest Service initiated the Forest Land Management Plan and it must stop.

Please consider leaving the current access in place and work toward opening more areas for future generations.

Thank you,
Ashlyn Perry
