Comments: Keep public lands public! For all user groups, I grew up playing in the mtns snowmachining,, snowboarding, hiking, camping and hunting. I love it all, I was forced to pick a side in the never ending battle of motorized and non motorized. I was raised to have respect for my fellow man and fellow American, it's sad that there has to be such conflicts. We all have equal right to it, and should be able to share it. All land should be open for everyone, no matter what means of travel.
