Title:

Comments: I and the rest of the snowmobiling community keep getting threatened with more and more areas being closed off from riding. We all ride to have fun and none of us are out there to ruin the beautiful scenery we ride. We ride for the thrill and the views. I've seen some of the best views on my snowmobile and feel like it's a big mistake to not allow snowmobiling in this area. Stop closing our sledding areas. Snowmobiling brings in big money to all riding areas . I don't live in Alaska but us as a snowmobiling community are one and we will fight the closing of these areas to the end. I respect the mountains and forests and am hopefully going to enjoy it until I am too old to get on a snowmobile anymore.
