Comments: I currently live in Anchorage, Alaska, and have been living in Alaska for 35 years. I have enjoyed riding

snowmachines in the Chugach for most of my life, my first ride ever was in Turnagain pass. I was 13 years old. Ever sense then I was drawn to the area, and I typically go every chance I get now that I am older. I love exploring more of the beautiful areas that Chugach has to offer as a motorized user, I oppose losing any right to motorized access of these public lands. A large majority of the Chugach is already restricted to non-motorized use and what's left shall remain intact, if not expanded, for future generations.

The areas I access the forest are: Johnson Pass, Turnagain, Lost Lake,

The rights of motorized user groups have diminished since 2002 when The National Forest Service initiated the Forest Land Management Plan and it must stop.

Please consider leaving the current access in place and work toward opening more areas for the future generations.

Thank you, Teeples
