Comments: Our family has spent the last 20 years riding this area and want it open for another 20. We have enjoyed places like turnagain pass, lost lake, 20 mile, and Nellie Juan. Please do not expand or create any new wilderness area. The 1.4 million acres is enough. Please consider this a vote in favor of option B. Please do not use option C or D. They restrict access that means a lot to my family.
