Comments: Hi my name is cooper street i am a life long alaskan who has grown up in the Chugach mountains. in the summers i love to hunt and fish out in those areas. in the winter i am a avid snowmobiler i spend every weekend accessing some of my favorite parts of the chugach. i have spent the best times of my life in areas such as whittier,johnsons pass, nelly-juan, and lost lake. this is why plan B is the best for us , i would also like to see the north fork of snow river to access the paradise valley forest cabin. plans C and D are not a option for the motorized users it would cut off to much access.
