Comments: I was born and raised in Alaska and grew up on the Kenai Peninsula where I spent most of my childhood and still do spend of my free time now, camping and hunting, hiking, fishing, snowboarding, and snowmachining in the Chugach. I'm a big supporter of plan B and would like to see more land open to motorized use especially snowmobiled but ATV/UTV also. I love this land and would hate to see places closed, and not being enjoyed by the public.

Thanks for your time
