Comments: To Whom It May Concern;

My name is Emmett Melton and I've spent the last 35 years growing up in Alaska and exploring the mountains on my snowmachine/fourwheelers has been a huge part of why I love Alaska and proud to call this state home! I've been luck enough to ride many areas from Barrow to the interior along with Southeast Alaska! Now that my kids are starting to grow up and my wife is starting to get interested in the sport/outdoor activities my goal is to start sharing everything I've been able to experience with them and let them see what has truly kept me going in this amazing sled industry! I want to be able to take them into the chugach mountains and see there eyes light up with excitement and hopefully one day they continue with the same love and passion I have for snowmachining in the mtns! I stand for plan B along with no expansions to wildlife areas. Thank you for your time.
