Comments: Hey my names Jordan and I'm a sledder. I've heard about how you are possibly going to stop motorized use in the Alaska's Chugach Range, I'm quite disappointed because my friends and I have hear great things about about this area and the people living there and were planning on making a trip in 2020. I'm hoping you will reconsider banning motorized use in the Chugach Range, therefore we can come visit and support the local communities in the area.
